## GOING THROUGH YALE'S BROKEN FIELD

Bradlee, the plunging Harvard back, is here shown making a gain through Yale's field in the final big football match of the season in Yale Bowl before 70,000 spectators. Bradlee is exceptionally fast and has made large gains for Harvard in almost every game he has played this fall. He has developed into an ideal running mate for Eddie Mahan, Harvard's successor to Brickley.

WHY JOHNSON  
MAY NOT WIN

If Negro Heavyweight Loses to Willard or McVey He Stands to Win the Picture Money.

New York, Nov. 28.—If Jack Johnson loses to either Jess Willard or Sam McVey he will probably gain several hundred thousand dollars. This is the opinion expressed by well informed movie picture men. Pictures will be taken of both bouts, of course, but if Johnson wins the films will be worthless. The pictures of the negro heavyweight champion taking the count from the blows of a realized "White hope," however, would be worth in the six figures and Johnson would get the lion's share of this.

It is computed that Johnson has earned close to \$300,000 in the six years he has been champion. This includes money from the theatrical engagements and eleven fights.

Although Johnson has been fighting for thirteen years it was not until he won the title from Tommy Burns that he was able to lay aside a surplus. Previous to that he had led a hand-to-mouth existence, always in debt to his various managers, who succeeded each other in rapid succession.

But with the title in his possession Johnson's fortunes underwent a great change. The \$5000 he received for beating Burns, was the largest sum he had earned up to that time. For a time Johnson was modest in his demands. He was satisfied with \$5000 for bouts with Victor McLaughlin, Jack O'Brien, Tony Ross and Al Kaufman. Then came the match with Stanley Ketchel. By that time Johnson had gained considerable assurance and he demanded and received \$12,000 for his end.

Jeffries Made Negro's Fortune. But it was the Jeffries match that made Johnson's fortune. In all he was paid \$120,000, which included his share of the purse, the moving pictures and advertising privileges.

After that Johnson's idea of his worth took a bound. He announced that in the future he would require \$30,000 every time he entered the ring, no matter who his opponent might be. This was the sum he was

AFTER DAVIS CUP

New York, Nov. 28.—The United States will challenge for the Davis international lawn tennis cup for 1915. The fact that the war in Europe may prevent some of the other nations from challenging has been duly considered by the American officials.

The opinion is that this nation should formerly issue a challenge to the Australian association at the time of the annual meeting of the United States National Lawn Tennis association here in January.

"It has been decided to challenge Australia for the Davis cup," replied Raymond D. Little, when he was asked as to the plans of the Tennis administration.

"Of course the sending of the challenge is subject to the vote of the delegates at the annual meeting of the association. According to the rules governing the Davis cup the challenges must be made March 1 of each year."
